

INTERNATIONAL YOUTH DAY

**Celebrate the Bright Futures
of Young Scholars**

The hope and potential of youth is exemplified by our Educate 2 Graduate (E2G) Signature Program beneficiaries. E2G works with NGO partners like the Lila Poonawalla Foundation (LPF) in Pune, Maharashtra to identify brilliant, but financially disadvantaged college students and provide them with scholarships of up to \$1,000 per year over the 4-5 year course of their degree program.

*LPF's program, Leading Indian Ladies Ahead, shares our belief in the potential of youth. It promotes girls' education and women empowerment and is supported by both our E2G and Women Empowerment committees. To date, this program has transformed the lives of more than 14,200 young women, **35 of whom recently received scholarships while they are enrolled in engineering, pharmacy and nursing degree programs.** One of those beneficiaries is Mrudula:*

When Mrudula's father passed away, her mother struggled financially and began looking for assistance to keep the family afloat. Mrudula was an excellent student, earning great results on her 12th grade exams. Knowing that her mother wouldn't be able to pay for her higher education, she applied for an Educate 2 Graduate scholarship and was selected. She has been making the most of this opportunity, participating in all of LPF's skill-building and training activities available to her. She is currently working toward her bachelor's degree in computer science from the MIT Institute of Art, Design, and Technology in Loni Kalbhor, Pune.

As we continue to support students like Mrudula this International Youth Day, we humbly request that you help us empower students to reach their potential.

EMBRACE THEIR POTENTIAL WITH A GIFT

Since E2G's inception in 2006, **Share & Care** has awarded more than **\$2.5 million in scholarships to more than 1,750 deserving students as they pursue degrees** in engineering, medicine, nursing, pharmacy, and computer science. The typical beneficiary comes from a family of four with a total income of less than Rs. 2 lac per year. Data collected from more than 800 working graduates shows that E2G beneficiaries are now earning between Rs. 2-50 lac per year, a multifold increase over their family's income, and it's conservatively estimated that the **program will have a 20 times return on investment over the next decade**, with even more growth thereafter.
